Vision and priority areas

To develop Innlandet, we invest in:

INHABITANTS

It should be good to stay, live, work and educate in Innlandet. We want more people to move here and spend time in our county.

INFRASTRUCTURE

We must ensure mobility and accessibility in an extensive region. We will invest in roads, public transport and digital infrastructure.

INNOVATION

We have the will to develop, and always look for better solutions. Innovation, both in the public and private sectors, creates new jobs.

INCLUSION

We will build the inclusive Innlandet and celebrate the diversity. This must be done through universal design and good integration.

Enjoy your stay in Innlandet!
